

2018 Winter Sports for Yr 7 and 8 – Terms 2 and 3.

There are a number of sport's organisations that run weekly competitions for Yr 7 and 8 students, and these are listed below. Some sports, however, are still run by Clubs such as Football and Rugby. Your child will be expected to continue playing for their club until they start Yr 9.

Please read the information below and if your child would like to play one of the sports they will need to collect a sport's contract from Mrs Johnson or you can download one from the school website. Contracts will need to be returned to school A.S.A.P. along with the sport's fees (if possible) as team entries are due in before the end of this term. If fees are an issue please contact Mrs Johnson regarding a Sporting Chance Application which in some cases can assist with sports' fees.

An intermediate badminton competition is held in Term 3 and there may also be an interschool competition for Yr 7&8 football and rugby. Students will be notified if any of these activities eventuate. Parents can keep up to date with sports' news by reading the weekly newsletter which is emailed out on Fridays. Please ring the school office (03 4536035) if you are not on the email list.

We are always looking for coaches and managers and if you have experience with any of these sports please indicate this on the contract.
